Description: this product meets SOLAS carriage requirements for an AIS Search And Rescue Locating Device, as specified in MED/4.55 Search and rescue locating devices (SRLD): AIS SART equipment. This product provides for on-scene Search And Rescue locating in maritime distress situations.

### Use Information

The batteries in this product have a limited service life: see label for expiry date.

The product contains no user-serviceable parts.

The product should only be disassembled by qualified service personnel.

DO NOT ATTEMPT TO RECHARGE THE BATTERIES.

### Hazardous Substances

Under EC and US legislation this product is classified as a manufactured article, which does not result in exposure to any hazardous chemicals under normal conditions of use. As such the product does not require a Material Safety Data Sheet, and the following information is provided as a courtesy:

The Lithium content of each product is less than 1.66 g.

The cells within the product may contain the following active ingredients, by CAS number and name:

1313-13-9	Manganese-Dioxide
7439-93-2	Lithium Metal
110-71-4	SVHC Substances according to REACH (Article 33) 1,2-dimethoxyethane; ethylene glycol dimethyl ether (EGDME)
1303-86-2	SVHC Substances according to REACH (Article 33) Diboron trioxide

No chemical hazard will be posed as long as the cells remain in their sealed condition.

This information is given in good faith, and is believed to be accurate at the date of preparation. Orolia SAS makes no warranty, either express or implied, with respect to this information, and disclaims all liability from reference on it.

## Transport Information

Class:	Class 9
UN Number:	UN3090
UN Description:	Lithium Metal Batteries
IATA Packing Instruction for Air:	970 section II
Packing Instruction for Road & Sea:	P903 Special condition 188
Net Quantity:	0.048 kg

## Disposal Information

DO NOT INCINERATE.

DO NOT ATTEMPT TO DISMANTLE.

DO NOT DISCARD IN DOMESTIC WASTE.

This product should be disposed of in a sensible and considerate manner, and in accordance with local regulations. Take it to a civil recycling facility, or contact Orolia for advice.

## Green Passport: Ship Recycling Information

Orolia SAS hereby declares potentially hazardous content in some of its electronic products.

Small amounts of the following substances may be present: beryllium oxide, lithium, lead (in older products), brominated flame retardants, glass.

In keeping with European directive 2012/19/EU (Waste Electronic and Electrical Equipment) and the provisions of IMO Resolution A.962(23) (Guidelines On Ship Recycling), Orolia strongly recommends that its products, including any battery packs, be disposed of in a considerate and legal manner. Additional information, concerning the disposal of equipment can also be found in the relevant equipment User Manual, under the heading: End of Life Statement.
